THE GERMAN RAIDER TALE CONFIRMED

Men Have Commandeered Vessel and Marooned Crew.

Running Amuck With the Commerce of the Nations.

By Associated Press Dispatch.

Washington, October 5.—With definite information of the presence of two German sea raiders in the South Pacific, announced in dispatches from Samoa to the Navy Department, a hunt for the commerce destroyers has started.

The two raiders are manned by the crew of the famous Seeadler, which made her way late last year from Germany through the Allies patrol into the Atlantic, around South America preying on shipping, and thence into the Pacific Ocean, where she was stranded on Mopeha Island and had to be abandoned.

Part of the Seeadler's crew put to sea again in a power sloop with machine guns, bombs and two months' supplies.

Early in September the French steamer Lutece arrived in Mopeha and was seized by the remaining members of the Seeadler's crew who put to sea at once.

The prisoners were left on the island to shift for themselves.

The number of the raiders' victims beyond the four mentioned, cannot be ascertained. At least four American owned vessels are reported overdue on the Pacific coast from South Pacific ports and their owners have given them up as lost.

Japanese, British and American warships will scour the South Pacific for the two German raiders.

RUSSIAN CONGRESS STIFFENS UP

Declares for Strong Revolutionary Government.

(By Associated Press Cable)

Petrograd, October 4.—(Delayed)—The Democratic Congress by a vote of 829 to 106 has passed a resolution declaring that it is indispensable to constitute a strong revolutionary authority which would follow the program of the Moscow conference of last August, and would carry out an active policy tending to the realization of a general peace.

The Congress directed the main committee to choose five of its members to draft a scheme for forming such authority.

CONFEEES REACH ERTIRE AGREEMENT

By Associated Press Dispatch.

Washington, October 5.—The Sailors' and Soldiers' insurance bill, the last important measure pending before Congress was placed in form for final action today when Senate and House conferees reached a complete agreement.

The agreement includes the retention of the Senate amendment restoring the grades of Generals and Lieutenant Generals to the army.

HERALD TO PUBLISH DETAILED REPORT OF THE WORLD SERIES

The Herald will receive a full report by Associated Press of the World Series baseball games which begin in Chicago Saturday afternoon.

The Herald will issue a Baseball Extra at the conclusion of Saturday's game, the final report of which will probably be too late for the regular edition of The Herald, and an extra will be issued for the remaining Chicago games.

On Sunday the finals will be received at The Herald office, but no paper will be published on Sunday.

When the games are played in New York they will be one hour earlier and, in all probability, concluded each day in time for the regular edition of The Herald. If not, additional baseball extras will be issued at the conclusion of each game.

HOUSE BEGINS THE HEFLIN HEARINGS

Newspapermen Rather Dim the Luster of the Southerner's Claims.

By Associated Press Dispatch.

Washington, October 5.—Investigation of charges by Representative Hefflin that certain members of Congress had "acted suspiciously" in connection with the war and investigation of an interview in which he is alleged to have declared that he heard member obtained German money by being lucky at cards was begun today by a house committee.

The committee heard two newspaper men in executive session about the interview Hefflin repudiated. Both newspaper men swore that Hefflin told them in the house lobby

that he had heard that "pro-German and peace at any price members of Congress" got money easily at a Washington gambling house conducted by a German by being "lucky at cards."

When assailed in the house about the interview Hefflin first denied that he had said it "on the floor." Later he repudiated it entirely.

ITALY, TOO DISCOVERS

(By Associated Press Cable)

Rome, October 5.—The authorities have discovered that various campaigns intended to demoralize the country, resembling those recently exposed in France, had been undertaken here.

The Ministry of Justice has promulgated a decree providing that all guilt of acts calculated to depress public opinion, diminish the country's power of existence or prejudice the national interest as regards the internal, foreign or military situation, shall be imprisoned not to exceed 10 years and fined not more than 10,000 lire.

ALL IS READY FOR WORLD'S SERIES GAMES

Chicago Fans on the Qui Vive for Big Contest.

Both Sides Feel Confident of Victory.

By Associated Press Dispatch.

Chicago, October 5.—The reserve seats for the World Series games at White Sox Park having been distributed among the lucky applicants, hundreds of baseball fans planned to stand in line tonight in order to have good seats when the office opens at the park for the sale of unreserved seats tomorrow.

The weather predictions for the opening game calls for fair weather, with a slight drop in temperature. This, it is believed, will not work any hardship on either team as both squads are in the pink of condition and will not feel the change in weather.

Much interest centered today on the question as to the pitchers in the first game. Manager Rowland of the White Sox refused to commit himself but many have picked Eddie Cicotte a probable starter for the locals.

Cicotte worked out yesterday afternoon and said afterwards he was ready to start the big series at any time. Ferdinand Schupp the left handed star of the New York Giants is the most frequently mentioned to open the series for the visitors.

CALLED BY DEATH

By Associated Press Dispatch.

Chillicothe, O., October 5.—Silas F. Garrett, aged 68, one of the city's oldest attorneys and respected citizens, died here last night of a complication of diseases.

Thousands Perish in Barrage of Assaulting Columns.

All High Positions Occupied by British.

Commanding Road of German Supplies and Reinforcements.

Greatest Victory of the Year.

By Associated Press Dispatch.

British soldiers are now entrenched on the crest of the high ground in the famous Ypres salient as a result of the tremendous blow given the Germans yesterday on an eight mile front east and northeast of Ypres.

Driven from the high ground the Germans will be forced to go up hill against the British while the British artillery throws shell after shell upon the German defenses and lines of communication.

Field Marshal Haig's latest stroke surprised his adversaries as they were about to renew the attacks. The British barrage mowed down the massed Germans and those remaining were annihilated in the rush of British troops.

At no point along the front was the German resistance very great, although the British had difficulty in overcoming the concrete redoubts bristling with machine guns.

The villages of Reutel, Noordenhoek, Broodseinde and Gravenstaf were captured in their entirety and the greater part of Peelpelle was taken.

By the capture of Broodseinde the British established themselves well over the crest of the ridge five miles east of Ypres.

From here they can bombard the Roulers-Menin railroad, the principal German line of communication in this sector.

In addition to the loss of positions of great importance the Germans sustained heavy losses as a result of the British fire. More than 3,000 German prisoners were taken, half of them being wounded. The German losses were so severe that Crown Prince Rupprecht attempted only a few counter attacks. These were broken up.

The course of events during the night gave further evidence of the severity of the shock given the Germans yesterday. They kept up a heavy artillery fire during the night, but did not deliver a single counter attack. Meanwhile the British were busy consolidating their new positions.

On the French front German attacks in the Champagne and upper Alsace regions met with no success.

Northwest of Verdun where the Germans recently regained a bit of territory from the French the violent artillery action is continuing.

The political situation in Russia again has become acute and Premier Kerensky has thrown down the gauntlet to the Democratic Congress. Contrary to the demands of the Congress he has promised he will today announce a new coalition ministry. This will include members of the powerful constitutional Democratic party to which the Congress has been bitterly opposed.

SEIZED EDITORS

By Associated Press.

Newark, N. J., Oct. 5.—Federal agents raided the offices of the New Jersey Free Zeitung here, arresting the proprietors and editors on charges of "publishing treasonable and seditious utterances." Those arrested were Benedict and Edwin S. Prieth, proprietors; Henry Von Waseher, managing editor and the city editor.

LA FOLLETTE CHARGES UP IN SENATE

Preliminary Inquiry in Charges Filed, Is Ordered.

Sub Committee of Five Named by Upper House.

Wisconsin Man, Indications Are, Will Speak.

By Associated Press Dispatch.

Washington, October 5.—A formal preliminary inquiry into the alleged disloyal speech of Senator LaFollette made before the non-partisan league a fortnight ago was ordered today by the Senate.

Appointment of a sub-committee of five was directed with authority limited first to inquire into the correctness of Senator LaFollette's speech and second into the correctness of his statements.

The limited scope of the inquiry was regarded as temporary action upon the petitions presented for the Senator's expulsion. The sub-committee which will be appointed during the day and will be headed by Senator Pomerene, was ordered to report at the December session.

The Senate took up petitions charging Senator Stone of Missouri, chairman of the Senate Foreign Relations Committee, with disloyal statements and acts and decided that the charges made did not warrant any investigation.

The Senate committee's decision was reached after a two hours' session and with a speech in the Senate by Senator LaFollette impending.

The sub-committee was authorized to request authority to employ stenographers and make other expenditures, indicating formal hearings may be held with examination of witnesses at St. Paul.

Senator Pomerene made it plain that the sub-committee's authority is limited solely to the St. Paul speech of the Senator.

LA FOLLETTE IS DEFENDED BY LABORITES

California Convention of Labor Approves Him.

By Associated Press Dispatch.

Sacramento, Cal., October 5.—Without discussion and without a dissenting vote delegates to the California Federation of Labor convention adopted today a resolution endorsing United States Senator LaFollette, asking for him the right to express the views of "an intelligent minority" and expressing confidence in his integrity and loyalty as "a true American citizen."

LIBERTY BOND COMMITTEE IS WELL PLEASED

Demand for Second Issue of Liberty Loan Bonds Spreads Rapidly and Farmers Are Becoming Strong Investors.

The Liberty Bond Committee of Fayette county is greatly pleased with the progress made so far in the sale of bonds, or finding people who are willing to loan their money to the government to help win the war for humanity.

Friday morning Chairman Ballard announced that the progress to date, even though the actual soliciting is hardly well under way, has been very gratifying, and that the demand for the bonds was much greater than for the first issue.

Reports received from workers all over the county indicate a surprisingly strong demand for the bonds, and bond owners are taking just pride in wearing the button given to each purchaser.

There is every indication, it was announced, that Fayette county farmers who did not invest much in the previous issue, will do their bit in taking the issue allotted to Fayette, and which has been subscribed by the Bankers of the county, who are, with the aid of other patriotic citizens throughout the city and county, now engaged in placing the bonds, without one cent profit, and not a cent for their own work, among Fayette county citizens.

To successfully float the issue in the United States it is necessary that every individual who can buy a Liberty Bond do so, and this includes every person who has \$50 or more that can be spared for a sound investment and one that will help win the war.

Fayette county citizens will not be found wanting in placing their dollars on interest at four per cent where they will fight for the United States and humanity in general.

ORVILLE TURNER GETS COMMISSION

Orville Turner, former well known school teacher of Fayette county, who was one of the first four men to leave this county for the training camp at Chillicothe, has been commissioned a sergeant in Company F, 330th Regiment, Ohio Infantry.

Sergeant Turner is a splendid young man and his promotion comes as a reward of genuine merit.

ALIENATION SUIT NOW BEING HEARD GIRL LIVED HERE

In the common pleas court of Clinton county, Wednesday, the case of Simpson against VanTuyt, in which the plaintiff, who is VanTuyt's son-in-law, asks \$10,000 damages for alienation of the affections of plaintiff's wife, was launched, and local interest attaches to the case because the VanTuyts founded what is now the Murphy notions store in this city. The case is being heard before Judge Clevenger.

The petition of the plaintiff, as first presented, declared that beginning about the 17th of December, the defendants, who are the parents of the plaintiff's wife, "maliciously enticed her away" from her home, wrongfully intending to injure the plaintiff.

He says that she was detained at the Bindley Hotel, in Blanchester, which the VanTuyts at that time were man-

aging. Being "deprived of her society affection and services, and having suffered great distress of body and mind and being put to great expense and trouble to recover her" the plaintiff asks the Court for a judgment against his wife's parents for \$10,000.

In an amended petition the story of the marriage of the couple, February 3, 1916, and of their separation when she went to the home of her parents in December, 1916, is narrated. The plaintiff alleges that she lived with him without the slightest complaint until the time when her parents enticed her away.

The plaintiff sets forth that since December 1, 1917, he has not been allowed to see his wife or talk with her but that she has been kept away from him by her parents.

Savage & Brant, Blanchester attorneys, and Hayes & Hayes, of Wilmington, are Simpson's attorneys, while Colonel D. Q. Morrow, of Hillsboro, Smith, Rogers & Smith, of Wilmington, and Clarence Brown, of Wil Union, are counsel for the defense.

"SKINNER'S BABY"
What might be termed a riot took place at the Palace Theater last night when the latest of the Skinner series "Skinner's Baby" starring the handsome and versatile Bryant Washburn was presented for the first night's showing. The crowds that packed the house for both performances were loud in their praise for the splendid acting of Mr. Washburn and "Honey" portrayed by Miss Hazel Daley who has appeared opposite Mr. Washburn in all his previous photoplays.

The picture is a delightful comedy-drama brimming with subtle, homely humor from start to finish and had the audience in an uproar continuously. Manager Smith is to be complimented on securing this kind of an offering as it is entirely different from all regular run of screen dramas.

If you delight in people that live and breathe stories that are humanly refreshing and real, and comedies that effervesce with clean mirth you should see "Skinner's Baby" which will be shown again tonight for the last time.

YOU would probably welcome the advice of some expert and disinterested person in buying clothes; somebody who knows more about fabrics, colors, patterns than you do.

Now that's what we offer you here; we know what's good; we consider ourselves experts. Of course, we realize that you may have some doubt as to our being disinterested; but we haven't any.

We'd rather not sell you at all than to have you take something that isn't the best for you.

The goods we know are right; Hart Schaffner & Marx all-wool clothes; and in other departments, the best qualities. We've priced everything to give you as good a profit in value as we get in money, and it's all arranged for your convenience.

Poetry For Today

VIVE LA FRANCE
 The land of sunshine and of song!
 Her name your hearts divine;
 To her the banquet's vows belong
 Whose breasts have poured its wine.
 Our trusty friends, our true Ally
 Through varied change and chance,
 So, fill your flashing goblets high,
 I give you, Vive La France!
 Above our hosts in triple folds
 The selfsame colors spread,
 Where Valor's faithful arm upholds
 The blue, the white, the red;
 Alike each Nation's glittering crest
 Reflects the morning's glance,
 Twin eagles soaring east and west;
 Once more, then, Vive La France!

O land of heroes! in our need
 One gift from Heaven we crave
 To stanch these wounds that vainly bleed,
 The wise to lead the brave!
 Call back one Captain of thy past
 From glory's marble trance,
 Whose name shall be a bugle blast
 To rouse us! Vive La France!
 Pluck Conde's baton from the trench,
 Wake up stout Charles Martel,
 Or find some woman's hand to clench
 The sword of La Pucelle!
 Give us one hour of old Turenne,
 One lift of Bayard's lance,
 Nay, call Marengo's chief again
 To lead us! Vive La France!
 —Oliver Wendell Holmes

GETTING NERVOUS

ALL FEELING LIKE SHE DID SHOULD TRY IT

This Is Opinion of Cincinnati Woman After She Took Tanlac and Got Back Her Strength.

Mrs. M. J. Burns, 2957 Mignon avenue, Westwood, Cincinnati, thinks every woman who feels like she used to should give Tanlac a trial.

"My nerves were so out of order before I took Tanlac that sound, restful sleep was something I seldom got," Mrs. Burns said. "I felt weak and run down."

"My stomach was in bad condition, too, and wouldn't digest my food right. I seemed to lose weight right along."

"I had been reading about Tanlac and finally decided to try it. Tanlac has helped my nerves so much that I sleep soundly through each night now. I'm getting back my strength and I'm already doing all my own work."

"I can eat good again, too, and everything seems to digest perfectly."

"The way Tanlac has helped me leads me to believe that every woman who feels like I did should give it a trial and I stand ready to recommend it at any time."

"Don't let your system get run down. Weakness is dangerous. If you are not feeling right get Tanlac and get it today. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store, or C. S. Haver's drug store. Advt.

WILL SOON OPEN ROAD TO JASPER

Contractor Fred M. Mark, announced Friday morning that by October 20th, if no unforeseen circumstances arise, the Wilmington pike will be completed as far as Jasper, a distance of some four miles from the corporation line where the work of rebuilding the road was started last spring. The contractors have been seriously handicapped much of the season by scarcity of help and inability to obtain material in quantities desired. Not only is the completion of the road as far as Jasper a realization of the next two weeks, but a considerable section of the road beyond Jasper has been graded and the first course of stone applied.

SUDDEN DEATH DR. H. P. USTICK

Word has been received of the death of Dr. H. P. Ustick, a leading physician of this city thirty years ago, and since practicing medicine in Boise City, Idaho. He was visiting a quick silver mine, in which he had interests in the Thunder Mountain district and had written home that the high altitude was affecting his heart, the letter having hardly reached its destination when word follow-

ed of his sudden death on September the 27th.

Dr. Ustick went west at the opportune time and had been a pioneer in Boise Valley Industrial development.

The Idaho Statesman says concerning his interests in Boise:

"Dr. Ustick has been closely identified with many of the civic interests of Boise, having promoted, with W. N. Donaldson, the Boise Gas company and the Boise Valley Railroad company, which was the first Inter-urban line in this section. He was president of the road until the Noble interests took it over. He was one of the originators of the horticultural society and had the third largest commercial orchard in the valley, Dr. Collier and Joseph Pence having the first two.

"He established the town of Ustick and was president of the Ustick bank for some years.

"He was born in Bloomingburg, O., and was 63 years old. He was graduated from Miami college, Oxford, O., and took his medical course in Philadelphia.

IN BOISE 25 YEARS AGO

"He practiced medicine in Ohio until he came west to Boise 25 years ago and practiced here until four years ago, when he gave up his active medical work. He has been interested in dry farming in Long valley, where he has a large dry farm. He still retains an interest in the orchard at Ustick. Mines always have had a fascination for him and in several instances the properties he had gone into were not profitable. He was, therefore, all the more pleased when this new property turned out so well. He said nothing of it even to his close friends until just before he left to install the machinery. The assays had proved so rich he was then ready to give out the news."

Dr. Ustick was the youngest son of the late Wm. A. Ustick, one of the pioneer settlers of this county.

"COAL OPERATORS" FACING THE COURT; EVIDENCE DAMAGING

The hearing of charges against alleged coal "operators"—some four in number, was started before Probate Judge Frank M. Allen and a jury, Friday morning and Robert Hause alleged ring-leader of the "operators" was placed on trial, following affidavit recently filed by B. & O. agent R. R. Kibler. Hidy & Sanderson represent the B. & O. and Tom S. Maddox the accused.

Additional affidavits filed were against Alice Sword, for the theft of coal, William Russell, for a similar offense, and Bertha Collins, for knowingly receiving stolen coal. Action on these three affidavits will come later, as their cases hinge largely around that of Hause, it is claimed.

Quite a number of witnesses were examined, and from the testimony it was evident that the B. & O. has long been losing coal almost on a wholesale scale, and that quite a few persons, most of them not knowing of the fact that the coal had been stolen, had been supplied at rates which made the government's price seem modest indeed.

Deep interest attaches to the result of the present trial and the B. & O. expects when the atmosphere clears somewhat that there will be less coal stolen, particularly in wagon-load lots.

Hotel Clerk Wants Fellow-sufferers to Profit by His Happy Experience.

While the following statement from J. H. Hurd, night clerk of the Hotel Murray, of Cambridge, is of value to every reader who bears the burdens of nervous ills it has especial significance for aged ailing folks, for Mr. Hurd is over three score and ten.

Druggist Carl Brennan of Cambridge reports that Mr. Hurd's high praise of Nerv-Worth came when that gentleman was a caller at the Brennan store to purchase a second bottle of the tonic. On being asked if the medicine was doing him any good, Mr. Hurd replied:

"It is the boss medicine. Two years ago I had a stroke of paralysis which left me in bad shape. The doctors could do nothing. I had no appetite and could not remember anything. Was very nervous. A lady stopping at the hotel recommended Nerv-Worth. The first dose helped me and now I feel entirely a new man. I am 72 years old but eat more in one meal than I used to in three days. Regained my memory and getting over my nervousness. Sleeping and general health much improved. I think that

by taking another bottle or two (of Nerv-Worth) will be entirely cured. You can use my name and welcome if it can be the means of helping some other sufferer."

The Christopher drug store and the Brown drug store sell Nerv-Worth in Washington C. H. Your dollar back if Nerv-Worth does not do for you what it did for Mr. Hurd. Advt.

THIRD RECEIVES ORDERS TO GET READY TO MOVE

Special to The Herald.

Chillicothe, O., October 5. — The Third Regiment, Ohio National Guard, which has been stationed at Camp Sherman on guard duty, today received orders from the War Department to prepare for removal to another location.

While it is not known just when the Third, which is commanded by Col. Hubler, will move, it is expected the regiment will depart within a few days for one of the southern cantonments.

COAL COMING DOWN THE RIVER ON WAVE

(By American Press)

Cincinnati, Oct. 5.—Forty thousand tons of coal were started down the Ohio river for Cincinnati and vicinity from the mouth of the Kanawha river, on an artificial wave. This is the first shipment down the Ohio river for a month. The river has been at an unusually low stage, so low, in fact, that it was found impossible for many weeks to collect enough excess pool water to create a sufficient artificial rise and not leave the upper river almost dry. Enough water has been released to create a rise of about five feet and the 40,000 tons of coal are being towed down to Cincinnati on this rise. It is believed the first shipment will reach Cincinnati either Saturday night or Sunday morning.

Montgomery, Ala., Oct. 5.—Samuel Lowenstein, Cincinnati, a private in the Third artillery, was probably fatally hurt when an automobile in which he was riding plunged down a 20-foot embankment between Montgomery and the camp. The chauffeur driving the car was also badly injured.

M'KINLEY MEMORIAL

Dedication of Memorial to Martyred President William McKinley Held at Niles, Ohio, Today.

By Associated Press Dispatch.
Niles, Ohio, October 5.—This little Northeastern Ohio town today honored its most notable citizen—William McKinley, the martyred president—by dedicating to his memory a magnificent memorial building, near the site of his birth.
Prominent men and visitors from all over the country attended the dedication. On the list of speakers were such men as former President William Howard Taft, Secretary of War Newton D. Baker, United States Senators Warren G. Harding and Alton B. Parker, Governor James M. Cox of Ohio and Joseph Mitchell Chapple, of Boston, editor of the National Magazine.
Political clubs from all over Ohio and from Pittsburgh—clubs which marched and sang, during the McKinley campaigns for governor and president, attended in force. Grand Army organizations to which McKinley belonged, assisted in the dedication and entertainment.
Exercises began this morning and continued throughout the day. The actual dedication, however, was at noon. The services were under the auspices of the National McKinley Birthplace Memorial Association, headed by J. G. Butler, Jr., a prominent steel man of Youngstown.
The memorial to Ohio's late governor and president is a building 232 1/2 by 136 feet and is built of Georgia marble. It contains a twelve-foot statue of McKinley carved by J. Massey. Built from a solid block of Georgia marble weighing 35 tons. The building also contains a library and an auditorium which seats 1,000 persons. The memorial also contains many tablets and busts of noted men, largely associates of the late president. Among those so recognized are David Todd, Ohio's war governor; H. C. Frick, Andrew Carnegie, P. C. Knox, Theodore Roosevelt, Elihu Root, Marcus A. Hanna, Henry W. Oliver, James Ward, C. H. Andrews, William Howard Taft, Justice W. L. Day, B. J. Jones, John R. Thomas and John Hay.

Rengo Belt
Reducing Corsets

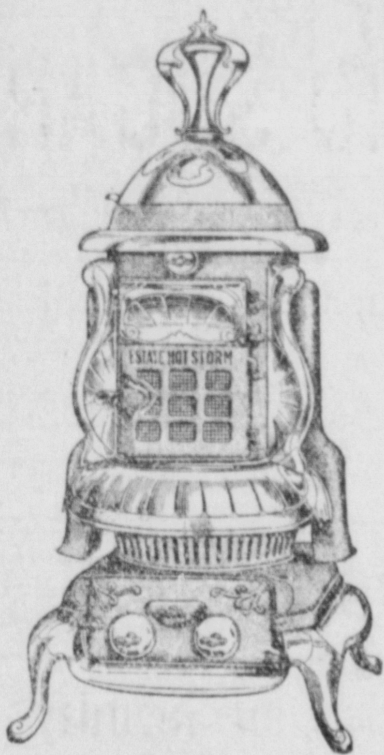

No reducing corsets are so truly economical, so long-lived or so satisfying as these extra strong garments.

The Rengo Belt feature of tailoring has become famous among medium and stout women, because it solves the problem of retaining shapeliness where the greatest strain comes over the abdomen and hips. Note the exclusive method of boning this portion of the garment, then wear one Rengo Belt model—you will find your first supreme corset satisfaction.

Models for every figure—some with steelastic webbing for greater freedom—all with double watch spring boning.

The Estate Hot Storm

The diagram shows how it works—Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees of temperature and then discharged, not through the flues and chimney, but through the top of the Hot-Air Chamber into the room. This creates a circulation of hot air that will successfully heat several rooms.

Saved Fuel Pays for It

Only a very small percentage of the heat is allowed to escape up the chimney, for the little furnace blocks the upward rushing heat, absorbing it and throwing it back against the radiating surfaces of the stove proper. The result is an amazing saving of fuel—a saving so great that your ESTATE HOT STORM will soon pay for itself. And after that it will pay you.

MISS HELEN M'KINLEY UNVEILS MONUMENT

Miss Helen McKinley, sister of the late President, unveiled the statue. George B. Cortelyou, member of the McKinley cabinet and for several years McKinley's private secretary, and Myron T. Herrick were added to the list of speakers.
Because of pressing business in connection with the closing hours of Congress Senators Harding and Pomerehne sent word that they could not attend the dedication exercises.
It was also considered probable that Secretary of War Baker could not come.

MUCH OF FAYETTE WHEAT IS SOWN

With the close of this week the bulk of Fayette county's wheat acreage will be completed, and much of it is growing, and a week or ten days more will see virtually all wheat sown.
Regardless of late corn cutting the acreage will be one of the greatest ever sown in Fayette county, and farmers have been following closely behind the workmen as they placed the corn in the shock, sowing the wheat as rapidly as possible.
The bulk of the wheat, with proper weather, will go into the winter in good condition, it is expected.

COPIES PROPOSED CITY CHARTER ARE MAILED TO VOTERS

Study of Various Provisions of Charter Is Urged in Order to Know Advantages Over Present Form of Municipal Government—Object of Charter.

The first copies of the proposed charter for the city of Washington were mailed to the voters Friday, and the proposed charter requires a booklet of 35 pages to contain the 92 sections of the charter as proposed by the framers elected on the date of the primary.

Every voter in the city is expected to go through the proposed charter very carefully and familiarize himself with the contents of the charter as proposed.

GEARS & NICHOLS CO.

A little study of the charter will greatly enlighten those who previously opposed it, and will bring to light the great advantages it offers over the present unwieldy, responsibility-shifting form which has been so perplexing to citizens in general for a great many years.
If the charter is adopted at the next election, candidates will then file on a non-partisan ticket to be elected in the usual manner, so that every voter can have his choice as to men desired for the office of City Commissioner, three of whom will be elected and they in turn will employ a city manager.
A significant section of the charter is section 99, which reads:
"The object and aim of this charter is to procure an honest and efficient administration of the affairs of the City of Washington, Ohio, free from partisan distinction or control; and the municipal authorities of the City shall construe the provisions of this charter with that aim in view."

\$150 IS PROVIDED BY CITY ORDINANCE
The total cost of printing and mailing the more than 2000 copies of the city charter, and for paying for the necessary clerical work, was \$150, and such an ordinance was passed at the last session of the city council.
In presenting the ordinance to council at the last session the clerk of Council jokingly added that \$100 was provided for the clerk's work. The \$100 mentioned by the clerk was not incorporated in the ordinance. As a matter of fact only about \$10 was available for clerical work.

CHILlicothe MERCHANTS ARE SWAMPED

Demands Greater Than Supplies and Merchants Are Up a Tree.

Notes From the Camp.

By Associated Press Dispatch.

Chillicothe, O., October 5.—Chillicothe merchants are up against a tough problem. They have more business than they can do. They have more calls for soldier toys and articles than they can buy. They lack, in many instances, sufficient room to do the business that the Camp Sherman "war baby" has dropped into their midst.

Getting clothing for soldiers is the biggest problem right now. There are hundreds of selective draft men in camp who have big incomes and who can get money "from home" in almost limitless quantities. They have been used to good clothes and plenty of them.

With cold weather coming on, hundreds of these men are buying clothing additional to that issued by the government. They buy fine army hats, fine army shoes for dress wear, fine woollens and flannel "olive drab" shirts, their own "Reilly" coats with the fleece lining and fleece collar; they buy raincoats they take a fancy to and overcoats different from the issue kind. They get their own leggings, their own heavy woolen socks, their own heavy blankets and numberless other things to make quarters in the barracks at the National Army camp comfy and more like home.

The demand by the enlisted men, in addition to that of the officers, is being supplied largely through Chillicothe stores and these have turned from quiet, easy-going little shops to bustling houses each with from a half to a dozen clerks—as many as there are room for.

Since the coming to camp Sherman of the "forty per cent" men, when the camp population was increased to 25,000 the Chillicothe dealers cannot get goods shipped in fast enough. Car load after car load is consumed at almost as soon as unpacked. And at ways there are scores waiting.

Lively preparations are being made among the recruits and officers here for a camp football team, and already a goodly schedule has been obtained. Scores of the old football stars are numbered among the men at the camp and there is keen rivalry for the honor of playing on the camp team. The men are being selected from company and regimental teams. The following schedule of games has been obtained, and it is hoped to add more later:

FARMERS TO MEET ARE AFTER THIEVES

The farmers of Jefferson township will meet in Jeffersonville, Tuesday evening of next week, for the purpose of organizing a society to prevent the stealing of hogs, corn, etc., and to ferret out such thieves when the crime is committed.

The farmers of Jefferson township have lost heavily from thieves during the past year, and are now determined to organize and put an end to the nefarious work in short order.

This forward step of the farmers of Jefferson township is expected to prove so successful in meeting the evil of hog stealing and other thefts that other communities will speedily follow suit.

The farmers, at the meeting next Tuesday, will also discuss the price to be paid for corn husking and other forms of work, so that results of vast importance and value to those concerned are expected to develop from the meeting.

LOAFERS STILL HERE
WORK IS ABUNDANT

Attention has been called to the fact that there are still quite a few loafers in the city, regardless of the fact that there is an abundance of work to be done at high prices, and that every man who does not work voluntarily should be taken up on a vagrancy charge and compelled to work inside of prison if not outside. Many surrounding cities are giving the loafers a short shift to the workhouse or to other communities, and there is evidence that some of the habitual loafers of other communities have found a refuge in this community.
